

THE INSIDER'S GUIDE TO

TAX REP NETWORK

**Earn More,
Work Less**

*Add a new
revenue stream
to your tax
practice!*

TRN
TAX REP NETWORK

AN INTRODUCTION TO

TAX REP NETWORK

A tax resolution training & coaching program that instantly adds a new revenue stream to your tax practice.

In the Tax Rep Network program, you get a multitude of tax resolution training and tools which are designed to teach you how to offer tax representation services as well as where to get clients.

My name is Eric Green. As a practicing Tax Attorney since 2000 and an instructor and author on tax representation since 2006, I saw the need to help CPAs and EAs learn this area.

The demand is huge. I started a program for tax professionals like you because you are uniquely qualified and accredited to do this work. And having worked several tax seasons myself at the beginning of my career, I now know there is a better way of life!

Attorney Eric L. Green

Founder of Tax Rep LLC

YEAR-ROUND

WORKSHOPS & WEBINARS

“

THANK YOU!!!

For all of the education, training, and question answering you have provided for me. I have learned so much and am most excited about discovering this new career!

-Steve B., CPA, CTRC

”

With Tax Rep Network membership, you'll get...

» **Content to grow your firm.**

Throughout the year, I host (often alongside other tax professionals) webinars and workshops full of insightful materials to help grow your firm.

Recently, these webinars and workshops have focused on post-filing tax compliance, how the IRS locates non-filers, tax issues surrounding divorce, and so much more!

» **Access to exclusive tax rep events.**

Each year, TRN members have access to exclusive events specifically created for members! Perhaps one of the biggest events on the calendar is our Annual Tax Rep Network Conference in Vegas. This live conference offers two full days of fun and informative lectures that no industry professional should miss!

» **Continuing education credits.**

All of our webinars, workshops, and events offer continuing education credits for EAs and CPAs. Therefore, attending and participating is win-win! You'll leave with both the knowledge of how to stand out from the competition and credits to advance your career.

CHECKLISTS & FORMS

You will also get access to...

» **Forms and lists you will not find anywhere else.**

That's right: All TRN members receive forms, lists, and content that can't be found anywhere else, including:

- Offer-in-Compromise checklists
- Penalty abatement sample letters
- Appeal letters
- IRS Exam Interview questions
- Sample on-boarding forms and agreements
- Sample pricing
- **And More!**

The above list doesn't even put a dent in all the materials you will have access to when you become a member.

“

I've been working on my very first payroll tax resolution case and I just got a call from the RO saying my client is absolved of liability!!! WOO HOO!! Thank you so much for all your information and guidance! This feels so good! Now to call my client! (Huh, funny that I thought to contact you before my client. Thanks again!) -Tina G., EA

”

ADDITIONAL

MEMBERSHIP PERKS

Plus, you get all of these additional perks:

» **First-come access to books and guides.**

Whenever TRN publishes a new guide or book (and it happens often), members will receive immediate access to the materials. In the past, these materials have included my tax resolution books.

» **Special deals throughout the year.**

We enjoy offering our members exclusive discounts on events, webinars, and workshops throughout the year. Consider these discounts an additional way of showing our gratitude. For example, right now, TRN members can receive a 25 percent discount when they register for the AccountingWEB Live Summit in San Diego.

» **Listing on TRN Directory.**

We provide the ONLY directory for the nation's top tax professionals. TRN members won't only have access to this directory, but will also get added to it, resulting in more exposure to you and your practice.

“

I just received your new book and I cant put it down. Thank you so much! Very Practical! **-Thomas D., CPA.**

I settled my client's \$2 million tax debt for \$200,000 because of what you taught me. I appreciate your knowledge and expertise! **-Yoav E., CPA.**
