Professional Services Firms

Business Services and  
Entity Formation Providers

### How can FileForms help firms create a new, hassle-free BOI filing revenue stream for its Referral Partners?

FileForms provides a comprehensive approach to supporting Partners. Each Partner receives a Client Services Representative who can help craft the optimal approach toward education and outreach to clients.

FileForms provides email templates, marketing collateral, landing pages, campaign strategy, and other resources to help create awareness where it's needed most.

FileForms pays its Partners a 20% commission on sales of BOI filing services tracked within a Partnership Portal.

Partners can provide pro-active compliance services to their pre-existing and new trusted clients, creating a highly profitable source of fee income with zero overhead, training, or hiring requirements. Partners can have hundreds, if not thousands, of clients to support, which can drive meaningful commission income.
